County Building Operations

From: Clinton County Commissioners

Date: March 20, 2020

Effective Date: March 23, 2020 through April 5, 2020

Beginning Monday, March 23, 2020 **ALL COUNTY BUILDINGS WILL BE CLOSED TO THE PUBLIC.**

County staff will be providing all essential services to keep County Government operating during this time.

We are enforcing that all citizens needing services to call or email the department to which they require services.

If you do not have the ability to email or mail documents to our departments, there is a drop box located outside the main entrance of the Piper Building. Please label your correspondence with the intended department/recipient. If you require a receipt, please include a self-addressed, stamped envelope.

We are enacting this policy to protect our employees and our community members.

Please follow all recommendations and do not travel around our county unless absolutely necessary. We are taking this pandemic very seriously and do not want to put our employees, their families, or community members at risk.

We are working with our Department of Emergency Services, County Commissioners Association, neighboring counties, Lock Haven University, the City of Lock Haven, and other local institutions to prepare, collaborate efforts, share resources, and protect our community.

This plan will be re-evaluated on April 3, 2020.

Please use the attached chart to contact County departments.

All calls and emails will be returned by our departments as soon as possible. Please be patient as we are working with limited staff.
